

Lonza

Lab Support / Lab Equipment Engineer in Quality Control (m/f/d), 80-100%

Job Description Summary

Today, Lonza is a global leader in life sciences operating across three continents. While we work in science, there's no magic formula to how we do it. Our greatest scientific solution is talented people working together, devising ideas that help businesses to help people. In exchange, we let our people own their careers. Their ideas, big and small, genuinely improve the world. And that's the kind of work we want to be part of.

We have recently been confirmed as the global manufacturing partner for Moderna's vaccine against the novel coronavirus, providing a tenfold manufacturing capacity increase. As other businesses face increasing economic uncertainty, we are fortunate to have opportunities for expansion. Through this new collaboration, our work will have a significant, direct and long-term impact on the management of this global pandemic. Become part of this exciting opportunity and join our team by applying for the position as **Lab Support / Lab Equipment Engineer in Quality Control (m/f/d), 80-100%** in [Visp, Switzerland](#).

You enjoy being in contact with many people? You enjoy taking care of lab equipment, ensuring that they are ready to use? Our QC Analytical Services Group is looking for you to support our Lab Technicians and Scientists by keeping all instruments up and running!

Key responsibilities:

- Maintenance, repairs, trouble shooting, qualification and re-qualification of lab equipment (e.g. scales, fridges, electrodes, HPLC, GC)
- Coordination of external Service Technicians for bigger repairs, qualification work
- Revision of equipment relevant Standard Operating Procedures
- Working in a GMP environment

Key requirements:

- Apprenticeship as lab technician preferred. BSc, or MSc in Life Science will also be considered.
- Good knowledge of lab systems (e.g. LIMS) and with analytical instruments (e.g. HPLC, GC)
- Work experience in a GMP environment highly preferred
- You enjoy technical work with lab equipment and you enjoy collaborating with many people
- Fluent in German. Good English skills.

Lonza

Every day, Lonza's products and services have a positive impact on millions of people. For us, this is not only a great privilege, but also a great responsibility. How we achieve our business results is just as important as the achievements themselves. At Lonza, we respect and protect our people and our environment. Any success we achieve is no success at all if not achieved ethically.

People come to Lonza for the challenge and creativity of solving complex problems and developing new ideas in life sciences. In return, we offer the satisfaction that comes with improving lives all around the world. The satisfaction that comes with making a meaningful difference.
