

# Lonza

## Lead Buyer CAPEX

### Job Description Summary

Today, Lonza is a global leader in life sciences operating across three continents. While we work in science, there's no magic formula to how we do it. Our greatest scientific solution is talented people working together, devising ideas that help businesses to help people. In exchange, we let our people own their careers. Their ideas, big and small, genuinely improve the world. And that's the kind of work we want to be part of.

The Lead Buyer CAPEX manages the procurement activities for assigned investment projects and coordinates their planning and execution at the Visp site and, if required, at other Lonza sites.

Key responsibilities:

- Development of purchasing strategy and coordination of procurement activities for assigned investment projects. Strategic responsibility for a procurement volume of CHF 40-60 million.
- Procurement of supplies (systems, sub-systems, equipment and spare parts) and services (consulting, engineering and planning) for the assigned specialist areas or investment projects.
- Strategic and operational procurement tasks, including
- Coordination, lead or participation in projects to further the development and improve the efficiency of technical purchasing as well as to achieve common targets
- Member of the Technical Purchasing Management Team Visp

Key requirements:

- Technical training (ETH or FH) or similar training; Preferred area of study: Process engineering, chemical engineering and plant engineering
- Experience in plant construction as well as in the areas of purchasing, sales, contract management and project management
- Languages: English excellent, German excellent
- Project and procurement management
- Team player with ability to work efficiently in matrix organizations and interdisciplinary teams
- Excellent business mindset, analytical thinking and problem-solving skills
- Initiative and resilience

Every day, Lonza's products and services have a positive impact on millions of people. For us, this is not only a great privilege, but also a great responsibility. How we achieve our business results is just as important as the achievements themselves. At Lonza, we respect and protect our people and our environment. Any success we achieve is no success at all if not achieved ethically.

People come to Lonza for the challenge and creativity of solving complex problems and developing new ideas in life sciences. In return, we offer the satisfaction that comes with improving lives all around the world. The satisfaction that comes with making a meaningful difference.
