

## Lead Project Manager - Facility Development Visp (m/w/d)

### Job Description Summary

Today, Lonza is a global leader in life sciences operating across three continents. While we work in science, there's no magic formula to how we do it. Our greatest scientific solution is talented people working together, devising ideas that help businesses to help people. In exchange, we let our people own their careers. Their ideas, big and small, genuinely improve the world. And that's the kind of work we want to be part of.

For our Site Development Planning Team Site Support Team in Visp / Lead Project Manager - Facility Development Visp (m/w/d).

Key responsibilities:

- Assists the Head of Site Development Planning & Head of Site Support with ongoing service projects as well as various projects under the team. Responsibilities include planning, organizing, optimizing processes/workflows, coordination, controlling, project management, evaluation/assessment, and conceptual and operational activities
- Management support and co-development of the organization
- Independently leads sub-projects in line with corporate strategy with a focus on service realignment, culture change and digital transformation
- Produce regular reports and analysis, and develop KPIs and tracking
- Liaise directly with and work closely with positions such as Visp Site Leadership Team, Site Support Team, leaders/stakeholders in various functions, and external contractors as appropriate.
- Completion of other assigned tasks.

Key requirements:

- Bachelor's or Master's Degree in Economics or Facility Management or a similar degree
- Fluent in English and German
- Profound work experience in a similar role in a matrix organization
- Strategic and analytical person with experience in project management and high numerical literacy
- Strong interpersonal as well as methodical and didactic skills
- Experience in implementing organizational change processes

Every day, Lonza's products and services have a positive impact on millions of people. For us, this is not only a great privilege, but also a great responsibility. How we achieve our business results is just as important as the achievements themselves. At Lonza, we respect and protect our people and our environment. Any success we achieve is no success at all if not achieved ethically.

People come to Lonza for the challenge and creativity of solving complex problems and developing new ideas in life sciences. In return, we offer the satisfaction that comes with improving lives all around the world. The satisfaction that comes with making a meaningful difference.
