

Lonza

Material Requirement Planner Bioconjugates (f/d/m)

Job Description Summary

Today, Lonza is a global leader in life sciences operating across three continents. While Lonza works in science, there's no magic formula to how they do it. Their greatest scientific solution is talented people working together, devising ideas that help businesses to help people. In exchange, they let their people own their careers. Their ideas, big and small, genuinely improve the world. And that's the kind of work Lonza wants to be part of.

Perform all duties to ensure the Materials Requirements Plans are completed to ensure the timely availability of materials to support the product Supply Plan
