

Scientist Cleanroom

Job Description Summary

Today, Lonza is a global leader in life sciences operating across three continents. While we work in science, there's no magic formula to how we do it. Our greatest scientific solution is talented people working together, devising ideas that help businesses to help people. In exchange, we let our people own their careers. Their ideas, big and small, genuinely improve the world. And that's the kind of work we want to be part of.

We are looking for a Scientist Cleanroom at the Visp site. As part of this role, you will be responsible for implementing contamination control in the cleanroom area (GMP cleaning, gowning, access control, pest control) and ensuring the implementation of hygiene concepts in one of our production facilities.

Key responsibilities:

- TrackWise tasks in the area of hygiene: deviations in environmental monitoring, deviations in the hygiene area, change requests in the hygiene area, coordination and implementation of tasks and CAPAs.
- Preparation of risk analyses (e.g. FMEA) in the hygiene sector.
- Owner of Hygiene-SOPs (Gowning and Behavior in Cleanrooms, Cleaning and Disinfection, Material Transfer Disinfection, etc.)
- Coordination of cleanroom qualifications (PQ): Preparation of PQ plans and PQ reports, coordination of EM-PQ tasks
- Creation and review of GMP cleaning protocols
- Support at Pestcontrol

Key requirements:

- Apprenticeship in the field of chemical and pharmaceutical technologist, Master or Bachelor's degree in pharmacy, biology or bioprocess engineering, EFZ laboratory technician specializing in chemistry or biology as well as initial professional experience
- Experience with TrackWise
- Experience in writing deviation reports and change requests
- GMP knowledge and experience in drafting GMP documents
- Cleanroom experience
- Good knowledge of German and English, both written and spoken
- Structured, focused and organized way of working

Every day, Lonza's products and services have a positive impact on millions of people. For us, this is not only a great privilege, but also a great responsibility. How we achieve our business results is just as important as the achievements themselves. At Lonza, we respect and protect our people and our environment. Any success we achieve is no success at all if not achieved ethically.

People come to Lonza for the challenge and creativity of solving complex problems and developing new ideas in life sciences. In return, we offer the satisfaction that comes with improving lives all around the world. The satisfaction that comes with making a meaningful difference.
