

Lonza

Trainee CAPEX Projects and Sustainability

Job Description Summary

Today, Lonza is a global leader in life sciences operating across three continents. While we work in science, there's no magic formula to how we do it. Our greatest scientific solution is talented people working together, devising ideas that help businesses to help people. In exchange, we let our people own their careers. Their ideas, big and small, genuinely improve the world. And that's the kind of work we want to be part of.

The Trainee is responsible to support the Project Manager and the Project Director for the execution large investment projects in Visp throughout the implementation of the project. That is, from the design phases to the handover of the installations to the users.

The role of this person is to put in place and maintain strong structures (e.g. organization, decision, communication, documentation flows, in accordance with project management, in order to respect SGIE Project management Processes and increase Project Team efficiency.

Last but not least the Trainee will support activities (technical, coordination, networking) for sustainability ideas / projects as well as monitoring progress of them.

Key responsibilities:

- Responsible for internal coordination of project tasks in order to relieve CAPEX project manager workload
- Participate and support to the preparation of the project reporting (charts for KPIs, collection of information)
- Support team members to establish agendas, meeting minutes, actions lists etc
- Participate and support regulatory inspections and customer audit

- Support activities (technical, coordination, networking) for sustainability ideas / projects as well as monitoring progress of them

Key requirements:

- Technical knowledge in chemical and / or pharmaceutical engineering
- Interdisciplinary knowledge
- Team player with strong networking and communication skills
- Self motivated and eager to learn about procedures and technologies
- Business fluent in German and English

Every day, Lonza's products and services have a positive impact on millions of people. For us, this is not only a great privilege, but also a great responsibility. How we achieve our business results is just as important as the achievements themselves. At Lonza, we respect and protect our people and our environment. Any success we achieve is no success at all if not achieved ethically.

People come to Lonza for the challenge and creativity of solving complex problems and developing new ideas in life sciences. In return, we offer the satisfaction that comes with improving lives all around the world. The satisfaction that comes with making a meaningful difference.
