

Internship – for Students in Chemistry

We are the Société Suisse des Explosifs Group / Valsynthese an internationally recognized company in the field of civil explosives and fine chemicals custom manufacturing, with Headquarter in Brig (Wallis).

Be part of our Success story and let's grow together!

In 2024, we offer several exciting internship positions in the chemical industry.

Our Offers

- QC: Support to the team on analytical issues
- R&D: Support to Synthesis team in the laboratory
- Production: support to the management team with all tasks arising from ongoing productions

Your Profile

- You are studying a bachelor's or master's degree in chemistry
- An internship (several months) is part of your training
- You are fluent in German and English (written and oral)
- You like to share your knowledge proactively
- You are a team player, enjoy being involved and want to make a difference

About us

- Flat hierarchy in a family working atmosphere
- Motivated and committed team

We look forward to receiving your application with a motivation letter, CV and confirmation from your University regarding mandatory internships to:
